# CHRIST'S BURDEN IS EASY TO BEAR

It is the Yoke of Love Which Transforms

HALEY'S SERMON

Comforting Words for His Congregation at Seventh Street Christian Church.

Rev. J. J. Haley paster of the Seventh Street Christian Church, delivered an able sermon yesterday morning on "Christ's Yoke."

The minister said in part:
"For my yoke is easy and my burden is light."

Does it not sound like a contradiction

slight."
"Does it not sound like a contradiction nerms, if not in fact, to say that yoke is easy and a burden is light; sinot a yoke a symbol of bondage and burden a burden? Yokes were put upon he necks of camels, and they signified of only the limitation of freedom, but painful tax on the endurance and trength of these animals. A yoke easy not a burden light? Why, that seems lainly to contradict other portions of he teaching of Jesus, where he represents the Christian life as heing hard, if of extremely difficult. There are no seate lines in the picture that Jesus was of discipleship. He told His. followers honestly and unmistakeably, if of bluntly, the hardships they would ave to endure non resistonce, for example, is it easy when a fellow does on a mean turn to other also? Has ever been a delightful exercise to return good for evil, to stand abuse and uling without returning the fire? Is self-enial easy? Is it a thing of beauty and Joy forever to sacrifice yourself and our cherished ambitions for the cod of others? Was it a nice thing or those early Christians to be dosged not shadowed by informers, to be driven on their homes and hunted like wild easts, and to be Imprisoned, stoned, burnd and crucified? All these things were to me upon them as the result of faithpeasts, and to be imprisoned, some to dand crucified? All these things were to come upon them as the result of faith-ulness to their connections as disciples of Christ. Was all that an easy yoke and it light burden?

of Christ. Was all that an easy yoke and a light burden?

"Tou know it is a fact that men have recognized the difficulty of living the Christian life, and they have skipped over the rough places, by eliminating its difficulties and making an easy religion. The Roman and Greek Catholic Churches gave up the fight from the start, and said in effect to their members, you observe at stated seasons a few sacraments and ceremonies, go through with certain external performances that we prescribe and leave the moral and spiritual, which are the hard parts, and the only essential ones, to take care of themselves. The Protestant repudates Greek and Roman sacraments as worthless mockeries and sildes over hard places and inacceptable doctrines by emphasizing hollef of certain dogmas about God and Christ, the Holy Spirit and human nature, with the understanding that he will not say too much about life and Jesus talked about, Catholic's substitute faith in the church and Protestants belief in theology.

"Saw the Difficulty."

"Saw the Difficulty."

"Saw the Difficulty."

"Saw the Difficulty."

"aul saw the difficulty and felt it, too, he did not meet it in either of these ys. He exhorted Timothy to endure diship as a good solder of Jesus ist, and he said furthermore that se who lived godly in Christ Jesus uld suffer persecution, &c. for Paul self, he rejoiced in tribulation, besee he had arisen to those sublime ghts of faith where self-sacrifice benes a joy. It is no longer a yoke or burden, but a gladsome service, besee the service of love.

once heard a distinguished minister in the pulpit that every step he took err the yoke of Christ was gailing to a This was a sad confession of stunwill, rebellious disposition and parconversion for a minister of the gos, or any other Christian, to make, this is the effect that an effort to the Christian life would likely have an unregenerate man. From one at Christianity to a practical reality the life. What is the programme of al Christianity? Here it is: Add to in faith courage, and to courage knowlesself-control, and self-control, and self-control, and self-control, and meekness, temperance; against such there is no law. Is that easy? And yet our Lord spoke truly, as He always did, when He said: "My yoke is easy and my burden is light." Two explanations of this passage have been suggested: First, the burden we have to bear with Christ is light and easy in comparison with the burden Christ bore for us. An allusios, it is supposed, to the yoke employed by Hebrew farmers to harness up their beasts of burden. This yoke was heavy at one end and light at the other, so when they hitched up a strong animal and a weak one, a big animal and a little one, as they often did, the heavy end of the yoke was laid upon the neck of the big, strong animal, and the light end on the little, weak one, as, for example, when the ox and the calf were yoked together. So in this spiritual warfare with the enemy of souls, the heavy end of the yoke of endurance and suffering was laid on Christ, and the light end on us.

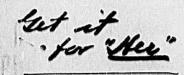

# S. S. INSTITUTE.

### Baptist Association Arranging for One in October

One in October

A Sunday School Institute, for the special benefit of the Sunday school teachers and other workers of Richmond and vicinity will be held here the first two weeks in October. The dates will be October 2d to 13th, inclusive, and there will probably be two sessions each day. The hours and some other details remain to be arranged. These are in the hands of a committee of the Baptist Sunday School Association, of which Professor W. A. Harris, of Richmond College, is chairman.

The institute, which is looked forward to with keen interest by Sunday school people, will be conducted by Rev. B. W. Spilman, field secretary of the Sunday School Board of the Southern Baptist Convention. He will be assisted by Rev. W. C. Barrett, the gifted pastor of the Second Baptist Church of Durham, N. C., and a number of others expérienced in Sunday school matters.

in the institute will be "Old Testament History," "The Life of Christ," "Sunday School Management," "Primary Work" and "Sunday School Teaching." There will be chapel nervices each day and one expecially to bring the Sunday School people of the community into closer acquaintance.

All of the details for the institute will be arranged this week.

### ASSOCIATION MEETS.

## Baptist Sunday Schools Make Their Reports.

The Sunday School Association of Richmond and Manchester held its monthly meeting with Immanuel Baptist Church yesterlay afternoon. Mr. W. D. Duke presided. The following reports for the month of August from the different schools were read:

Professor W. A. Harris, of Richmond College, chairman of Committee on Sun-éay School Institute, made his report and made an interesting talk along the line of work proposed to be done by the Institute

The attendance was very good and the association enters upon the fall and winter work with enthusiasm.

Fine Sermon On Service.

Rine Sermon Un Service.

Rev. E. W. Sione, of Immanuel Baptist Church, preached as fine sermon yesterday morning service. The indiscourse was a very appropriate one to the opening up of the fall work, and was in the nature of in stirring appeal, to the people of Immanuel to arouse themselves and take hold of the great work that lies before them. The congregation was large and the service one of deep interest.

# NEW SIGNAL SERVICE

## Erie to Spend Large Sum in Perfecting Its System.

The Eric Railroad has arranged for the immediate expenditure of \$225,000 for the installation of the most modern and efficient railway, signal that has yet been put on the market. It is known as the Hall Electric Semaphore Normal Clear System and is operated by stationary storage batteries. The line between Ber-gen, N. J., and Middletown, a distance of 68 miles, is to be equipped at once. For the first 32 miles the signals will be put orto a manual block, which is a tower with signals operated by a towerman, has been used as a block protection, but it has been deemed best to install as automatic system for further protection and to accelerate the movement of trains. The new system will be extended over the entire line in the future.

The new terminal of the Lackawana at Hoboken, which is to cost \$3,000,000, and is now being constructed, is to be a model of convenience, and comfort. Thirty-one railroads feport for the third week in August gross earnings amounting to \$7,065,193, an increase of \$347,211 over the same period in 1904.

# DUAL MEET WITH OXFORD

### American Runner Trying to Arrange Contest With Cornell.

range Contest With Cornell.

(Special to The Times-Dispatch.)

NEW YORK, September 10.-Warren
E. Schutt, of Cornell, the New York
State Rhodes scholar at Oxford University, is working hard to bring about
a dual track meet between Cornell and
Oxford next summer. Since the story
leaked out that Schutt was endeavoring
to commend to see him succeed,
as nothing would please the Cornell athletas better than an opportunity to meet
the English team in dual competition.
Schutt's idea is to have this meet held
mext summer about the same
time as
the Yale Harvard - Oxford - Cambridge, which, will be
held in the Country some eime during July or August, 1866. He thinks that
either New York, Philadelphila or Ithaca
would be good places to hold the contest, as Cornell has a strong
alumni representation in a strong
alumni representation in a strong
alumni the contone details of this
meet have as yet not been decided upon,
but there is a strong probability that
the event will take place, as there will
Suppress Mexican Lotteries.

# Suppress Mexican Lotteries.

Suppress Mexican Lotteries.

(By Associated Press.)

GUADALAJARA, MEXICO. Beptember 10.—Biate officials here say that word has been sent out from the city of Mexico that all lotteries in the republic must be suppressed. The suppression will follow the expiration of the franchise held by the Lotera De La Beneficiencia Publica. This tranchise was granted for twefity-five years, and has a year yet to run. The Federal government will set an example by suppressing the national lottery, which is under government control, and the States which conduct lotteries will, it is claimed, follow suit. For years Mexico has been the greatest lottery country on earth.

OFFICERS OF THE FARMERS' NATIONAL CONGRESS. This Notable Body Will Meet in This City To-morrow for a Stay of Ton Days,

National Body Will Gather Here To-morrow for Stay of Ten Days.

# AN ATTRACTIVE PROGRAMME

Men of Ability and Prominence to Discuss Live Questions.

Notable among the conventions of this year in Richmond will be the twenty-fifth annual session of the Farmers' National Congress of the United States, which will open in this city to-morrow and continue open in this city to-morrow and continue until September 22d. An organization founded in the interest of farmers and agriculture in all parts of the country, the convening of this body will be of especial importance to those who till and especial importance to those who till and win their subsistence from the soil. This will be the first time that the organization will have met in Richmond, and it is expected that a large gathering of Virginia's farmers and those in all ways intered in agriculture will attend the convention. The Congress numbers amons vention. The Congress numbers among its members men in all parts of the country, from Maine to California, and from the Canadian boundary line to the South-ern gulfs. And so a large attendance is

the Canadian boundary line to the Southern guils. And so a large attendance is looked for from all States.

The Farmers' Batlomal Congress was founded somewhere prior to 1884. Its purposes are to promote closer social and friendly relations between persons is different sections of the country, interested in husbandry, and through its meetings and reports to disseminate a wider knowledge of teh best methods for the advancement of agricultural interests in the United States. Through its wide scope this organization has exerted a deep influence in promoting the interest of the farmers and of placing them on a plane from which their voice may be heard in relation to the great public questions arising anent agriculture, the taxation of foodstuffs and natural products, the more general questions relating to supply and demand, and all things which affect the agriculturist. For man yyears the farmers, as a class, were powerless is voicing their wishes and interests in the great issues which occasionally arose in relation to taxation on natural products, their importation and exportation and the vital questions affecting farm labour, the founding of this present great and influential body may probably se traced to the earlier formation of farmers first struggled to band themselves a some form of unity so that they might make some concerted movement in their own interests.

Representative Men.

Representative Men.

The body, which will meet here next Tuesday, is composed of some of the most representative men in all parts of the country, who either make their living or are otherwise interested in agriculture. An especially attractive programme has been prepared, and some very important subjects are up for general discussion.

The list of officers and the programme follows:

President, Harvie Jordan, Monticello, Ga.; first vice-president, B. Cameron, Stagville, N. C.; second vice-president, Joshua Strange Marlon, Ind.; treasurer, A. H. Judy, Greenville, O.; secratary, John M. Stahl, Quincy, Ill. Assistant secretures—George M. Whitakor, Boston, Mass.; A. C. Fuller, Dows, Ia.; Luther H. Tucker, Albany, N. Y. Executive committee—W. L. Ames, Oregon, Wis.; E. W. Wickey, Ocean Springs, Mirs.; Levi Morrison, Greenville, Pa. Ex-officio—Harvie, Jordan, Monticelle, Ga.; John M. Stahl, Quincy, Ill.

## WED IN WILMINGTON.

## Surprise Marriage of State Senator Empie and Mrs. Poisson.

(Special to The Times-Dispatch.)
WILMINGTON, N. C., Sept. 3.—The
chief event of the week to Wilmington society was the marriage of Brooke G. Emple, a prominent member of the bar of the city and State senator of New Han-

pie, a prominent member of the bar of the city and State senator of New Hanover and Brunswick counties, and Mrs. Mamie Polsson. Up to the hour of the wedding the most intimate friends of the contracting parties, barring a few, were not informed of the happy event; consequently the surprise of it can readily be imagined. Both parties occupy high social positions, the bilde being a sister-in-law of the Baron Frederick Polsson, and the groom, a bourter of the baroness. The wedding occurred at 5:30 of clock last Tuesday, and was celebrated b Rev. R. W. Hogue, rector of St. James' Episcopal Church, this city.

Local society is also agog with the news of the approaching marriage of a former Wilmingtonian, Mr. Frederick D. Bolles, now a representative of the New York and Boston banking house of Messrs. Fisk & Sons, and Miss Mary Edolin, of Maryland. Announcement of the forth-coming nuptial event have been received here. The ceremony will occur in Baltimore the 20th instant. The groom-electis a son of Major C. P. Bolles, of the government department in Washington, and is a native of this city. The affair is flavored slightly with romance, as the couple first met at the summer home of General R. F. Hoke at Lincolnton, N. C.

Both the L'aglie and L'Arioso German Clubs, the two leading social organizations of Wilmington, will hold their annual meeting this month, and prepare for a gay winter's season. The opening dance of next month.

The marriage of Miss Helen Eugenia Mabry, daughter of Mr. R. C. Mabry, of Ridgeway, N. C., and who up to this year.

the maid of honor, with Mr. Rich McCleachy, the best man. The bride accompanied by her brother, Mr. W.

# DIGGING IN DEBRIS TO FIND MORE BODIES

(By Associated Press.)

(By Associated Press.)

CONNELLSVILLE, PA., Sept. 10.—The scene of complete devisitation in the vicinity of the site of the Rand Powder Works, which were destroyed by an explosion yesterdity, beggars description. Men were at work to-day ploughing over and digging in the debris in the hope of finding more bodies, but only an arm, shoulder, foot or portion of charred bone could be found now and then, and it is likely that the bodies of the six missing will never be identified. The dead bodies now recognized number twelve, while there are six unidentified and adding the little child who was killed by a wagon, the death list numbers 19.

# GOLDEN JUBILEE OF CENTRAL VEREIN

(By Associated Press.)
CINCINNATI, O., Sept. 10.—Notwithstanding the rain, 18,000 persons marched
this afternoon in the annual parade of
the Central Verein on the opening day
of the goiden jubilee of the national organization. Mgr. Fa.conia celebrated pontifical high mass at Holy Trinity Church
during the morning and to-night a mass
meeting was held at Music Hall, presided over by Archbishop Moeller. Governor Jerrick and others delivered addresses of welcome.

# STEAMER CUT THROUGH TWENTY MILES OF ICE

(By Associated Press.)

ST JOHN, N. B., Sept. 10.—F. Solion and A. Kisling, of the Peary supply ship Eric, arrived here to-day on their way to Washington, where they will report on the progress of the Polac expedition up to the line they left Commander Peary, on August 16th, at Etah, Greenland. The men decline to make a detailed statement at this time, but they say the Roosevelt encountered her first real fee barrier near Etah. It was a stretch of ice of twenty miles, and the commander's sturdy steamer went through the field in excellent manner. The Eskimos, they report, were greatly pleased to see Commander Peary, and were anxious to join in his venturesome journey.
